

The criteria for the admission exam for the 2026-2027 academic year,
for Cycle II of university master's studies, full-time education

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
1.	Engineering	Mechanical Engineering	Modeling and Simulation in Mechanical Engineering	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none">• 50% of the arithmetic average of of the diploma/degree exam.• 50% of the general average for the completion of studies.
			Energy Management and Thermal Systems Efficiency	2 years	
		Industrial Engineering	Digital Design and Manufacturing	2 years	
			Quality Management in Industrial Engineering	2 years	
		Vehicle Engineering	Advanced Concepts in the Design and Operation of Motor Vehicles	2 years	
		Materials Engineering	Advanced Materials and Innovative Medical Technologies	2 years	
				2 years	
Environmental Engineering	Environmental Quality and Sustainable Development	2 years			
2.	Naval Architecture	Naval Architecture	Naval Architecture (in English)	2 years	English language eliminary test , graded as Pass/Fail (can be replaced with a <i>Cambridge Certificate</i> or a <i>certificate issued by DJUG</i>). The final admission score is calculated as:: <ul style="list-style-type: none">• 100% of the arithmetic average of the diploma/degree exam.

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
3.	Faculty of Food Science and Engineering	Food Product Engineering	Food safety control and expertise	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 60 % of the arithmetic average of the diploma/degree exam. • 40 % of the general average for the completion of studies
			Nutrition	2 years	
		Environmental Science	Environmental Quality Control and Assessment	2 years	
4.	Automation, Computers, Electrical and Electronic Engineering	Computers and Information Technology	Advanced Information Technologies	2 years	Eliminatory test (interview) based on the established topic, graded as PASSED/FAILED. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50% of the general average for the completion of studies. Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50% of the general average for the completion of studies.
		Systems Engineering	Advanced Management Information Systems	2 years	
		Electrical Engineering	Efficient Use of Energy and Renewable Sources	2 years	
		Electronic Engineering, Telecommunications, and Information Technologies	Advanced Electronic Systems	2 years	
5.	Physical Education and Sports	Sports Science and Physical Education	School Physical Education and Sports Management	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50 % of the general average for the completion of studies.
			Home-Based Kinesiotherapy	2 years	
6.		Educational Sciences	Educational Management	2 years	

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
	Educational Sciences		School Counseling and Inclusion of Individuals with Special Educational Needs	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50 % of the general average for the completion of studies.
7.	Letters	Philology	Identity, Interculturality, and Multiculturalism in Romanian and European Literature	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50% of the general average for the completion of studies.
			Specialized Discourse. Terminology. Translations (in Romanian and French)	2 years	
			Literature, Film, and Cultural Representations (in English)	2 years	
		Communication Sciences	Communication, Media, and Public Relations	2 years	
8.	Sciences and Environment	Environmental Engineering	Environmental Monitoring and Management	2 years	Admission competition based on the application file. The final admission score is calculated from: <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50% of the general average for the completion of studies.
		Mathematics	Applied Mathematics in Sciences	2 years	
		Chemistry	Analysis and Control of Agrochemical, Pharmaceutical, and Cosmetic Products	2 years	
9.	Istorie, Filosofie și Teologie	History	Geopolitics and East-European Social and Cultural Interferences (interdisciplinary with the fields: Philosophy, Sociology)	2 years	Admission competition based on the application file. The final admission score is calculated from:

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
		Sociology	Human Resources Management	2 years	<ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50% of the general average for the completion of studies.
10.	DE ŞTERS!!!! Engineering and Agronomy in Brăila	Mechanical Engineering	Dynamics of Machines and Technological Equipment	2 years	<p>Admission competition based on the application file.</p> <p>Media finală de admitere se calculează din:</p> <ul style="list-style-type: none"> • 40 % of the arithmetic average of the graduation/license exam; • 60 % of the general average for the completion of studies.
		Environmental Engineering	Engineering and Environmental Protection	2 years	
		Agronomy	Sustainable Agriculture	2 years	
11.	Economics and Business Administration	Finance	Financial and Banking Management	2 years	<p>Admission competition based on the application file.</p> <p>The final admission score is calculated from:</p> <ul style="list-style-type: none"> • 20 % nota de la interviu; • 70 % of the arithmetic average of the graduation/license exam; • 10 % of the general average for the completion of studies. <p>The interview will be motivational, <i>without a bibliography</i>, so candidates can easily switch from one program to another.</p>
		Marketing	Marketing and Business Communication	2 years	
		Management	Managerial Strategies and Policies	2 years	
		Economic Informatics	Intelligent Systems for Business	2 years	
		Accounting	Accounting and Auditing	2 years	
		Business Administration	Business Administration and Development in Tourism	2 years	
12.	Law and Administrative Sciences	Administrative Sciences	Public Administration and European Integration	2 years	<p>Admission competition based on the application file.</p> <p>The final admission score is calculated from:</p> <ul style="list-style-type: none"> • 50 % of the arithmetic average of the graduation/license exam; • 50 % of the general average for the completion of studies.
			E-Governance and Digitalization in Public Administration	2 years	
		Law	Criminal Sciences and Forensics	1 year	

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
			European Business Law	1,5 years	<i>For enrollment in master's degree programs with a duration of 1 year and 1.5 years, candidates must be graduates of a 4-year Bachelor's degree program in Law (240 credits).</i>
13.	Arts	Music	Theory and Practice of Lyrical Performance	2 years	<p>Phase I: Eliminary, graded as PASSED/FAILED.. The candidate will provide the commission with an audio-video recording containing a presentation, by the candidate, of a research topic in the field of lyrical art that they wish to study within the master's program. <i>Presentation duration: max. 5 minutes</i></p> <p>Phase II: Practical test, graded with a score. The candidate will provide the commission with an audio-video recording containing the performance of two classical musical works, with or without accompaniment. <i>Total video duration: max. 10 minutes</i> <i>The candidate takes account, through a declaration on their own responsibility, that they will provide the commission with their own audio-video materials, unedited in specialized programs or software.</i> <i>The audio-video materials will be transmitted online to the admission commission at the addresses provided to candidates during registration.</i></p> <p>The final admission grade is the grade obtained in Phase II.</p>

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
	Arts	Theatre and Performing Arts	Theatre and Performing Arts	2 years	<p>Phase I: Interview based on the <i>application file</i> – online (10–15 minutes) – eliminary test, assessed as PASS/FAIL. <i>The application file includes:</i></p> <ul style="list-style-type: none"> • <i>Statement of activity (and CV – European format);</i> • <i>Research topic – written (a theoretical argument on the directions of creative and artistic research in the candidate's field of interest, 3–5 pages; formatting: 12 pt, 1.5 line spacing, Times New Roman).</i> <p>Phase II: Test based on the <i>Admission Repertoire-practical test</i> (7-15 minutes), graded with a score:</p> <p>The candidate will provide the commission with an audio-video recording containing the performance, by the candidate, of two monologues from contemporary drama.</p> <p>The candidate will have two monologues from universal contemporary drama or chosen from a movie or TV series in their admission repertoire. The two monologues must be different in dramatic genre and approach to highlight the candidate's versatility.</p> <p><i>The candidate takes account, through a declaration on their own responsibility, that they will provide the commission with their own audio-video materials, unedited in specialized programs or software.</i></p> <p><i>The audio-video materials will be transmitted online to the admission commission at the addresses provided to candidates during registration.</i></p> <p>The final admission grade is the grade obtained in Phase II.</p>

No.	Faculty of	Field of master's degree studies	Master's degree study program	Duration of studies	Admission criteria
	Arts	Visual Arts	Painting	2 years	<p>INTERVIEW – the test consists of two components, graded with a score:</p> <p>1. The candidate will present to the commission a CV accompanied by a printed portfolio with works from their personal creation and a completed plastic arts research project.
